Re: Letter of Support for

Henry Reyna
Secure Solution LLC
5401 Sturgeon Avenue
Midland, MI 48640

To Whom It May Concern:

Let this letter serve as my enthusiastic endorsement of Henry Reyna, Originator of Secure Solution LLC. Henry is caring, dependable and knowledgeable about personal and organizational protection and has a passion for sharing his knowledge with individuals, groups and organizations.

The Great Lakes Bay Regional Convention & Visitors Bureau contracted with Henry to deliver individual self-defense techniques to our team members. Henry made the session fun and our team enjoyed and found great value in the entire experience. Henry incorporated contemporary examples demonstrating real-life decisions that resulted in tragedy. He then leveraged these examples and taught my team the techniques to avoid or escape from becoming a victim. The staff found so much value in his session that additional sessions will be conducted.

I strongly endorse Henry Reyna and his quest to advance personal and organizational safety within Michigan's Great Lakes Bay Region. I respectfully request that you give Henry Reyna and Secure Solution LLC every consideration when selecting an organization to deliver training and security assessments.

Sincerely,

Annette M. Rummel, Ph. D.
President and CEO
