Re: Letter of Recommendation for

Henry Reyna  
Secure Solution LLC  
5401 Sturgeon Avenue  
Midland, MI 48640

To Whom It May Concern:

This letter of recommendation is for Henry Reyna and Secure Solutions LLC, whom I have had the pleasure of working with for several years in my role as a Safety & Security Manager at the Dow Corning Corporate Headquarters in Auburn, MI.

I was first introduced to Henry during PPCT Management Systems instructor certification in 2008 while he was a member of the Saginaw Township Police Department. I was later invited by Henry to join a training course in Crime Prevention Through Environmental Design hosted in 2009 by the Saginaw Township Police. I quickly learned that Henry had a vast amount of experience that would make him an excellent trainer for our Security department.

Upon the formation of Secure Solutions LLC, I found that Henry was able to provide an even wider array of valuable services to Dow Corning through his newly formed company. This started with consulting on new training programs, delivering PPCT training to security officers, and providing basic security awareness training for all of our employees. Henry was also able to conduct security vulnerability assessments, and after building a training program from practically nothing, provide advanced tactical training on how to respond to a violent intruder.

I would not have been able to build the Security programs that we have today without the support of Henry Reyna and Secure Solution LLC. I highly recommend him for his knowledge and experience in all aspects of security, as well as his passion for keeping people safe and protecting those who cannot protect themselves.

Sincerely,

Michael Fink, PSP  
Environmental, Health, Safety & Security Manager  
Dow Corning Corporation
